Passed to BS EN 14476: 2013 effective against Coronavirus , killing 99.99% enveloped viruses with a 2 minute contact time.

- Contains powerful antimicrobials
- BS EN 14476
- Alcohol Free
- Gentle non-irritating formulation leaving skin feeling soft
- Food safe, ideal for food prep areas
- Waterless, no need for sinks or hand dryers

APPLICATION

Ideal for use in schools, clinics, hotels, restaurants, hospitals, catering outlets and all public, commercial, and industrial premises.

DIRECTION

A little goes a long way, apply just a pea-size amount to the hands and rub in well, paying particular attention to fingernails and the area between fingers. Allow hands to air dry.

Help control the spread of infection

Follow NHS & Government guidelines and where possible wash hands thoroughly. Washing your hands properly removes dirt, viruses, and bacteria to stop them spreading to other people and objects.

Bio Productions recommends handwashing with soap and water and sanitising as a combined regime to help control the spread of COVID 19.
