

# LAUNDRY POWDER

## Biological Laundry Powder

Our biological laundry powder contains enzymes that quickly degrade stubborn stains and soiling in all types of washing machines at all temperatures. Biological laundry powder cleans and freshens clothing in the machine even in a cool wash and removes even the toughest stains.

- Stunning results with just one wash
- Technology that cleans quickly and effectively
- Can be used in all types of washing machines
- Can be used at all temperatures
- Quickly degrades stubborn staining and soiling
- Contains enzymes

### DIRECTIONS

Because soiling and water hardness vary, you may need to adjust the amount of powder used in light of experience. For very light soiling or small loads, use slightly less powder. Disappointing results are commonly caused by not using a pre-wash or by not using sufficient powder to cope with the size or degree of soiling of the load.

1 level scoop = 30g approx		Light Soiling	Medium Soiling	Heavy Soiling
	Soft Water	2 scoops	2 scoop	2 scoops
	Medium Water	3 scoops	3 scoops	4 scoops
	Hard Water	4 scoops	4 scoops	5 scoops
